SECTION 6 – PLAYER REGISTRATIONS

- Registration dates will be determined by the Board for the upcoming season and will be posted online in a timely manner.
- Registration will be completed prior to player evaluations. Registration can be extended at the discretion of the Board.
- The cost for registration will be determined on a season-by-season basis.
- Registration dates, locations, and times will be announced before each season. All registration may be online.
- Registration fees are due at registration. Registration fees must be paid prior to player evaluations in order for a player to be considered available. Payment plans are available upon request. Payment plans need to be up to date at the time of the draft in order for a player to be considered available. Any registration fee that is returned and/or not paid will be subject to a \$50.00 fee and the affected registered player may not take the field or receive her uniform until the fee and registration is current. Any player with a balance from a prior season may not register until the balance is paid in full.
- Players may request “C/Silver” only on their registration (at registration only). The Board may determine that a player will be made available in the “B/Gold” draft notwithstanding the request. If a player was a “B/Gold” player the previous season, the player will need to be reclassified with the Board’s and USA Softball’s approval prior to the draft.
- Player registration fees include a full uniform (pants, jersey, belt, and socks). A team may not require additional funds from players for any reason.
- All League concerns shall be brought first to the head coach, followed by Division Representative, followed by the Player Advocate, and the Board.

SECTION 7 – HEAD COACHES, COACHING STAFF, AND COACHING VACANCIES

- The NWGS Board of Directors is able to remove a coach and/or coaching staff from the League following a majority vote, due to actions or behavior found to be in violation of the mission, rules, codes of conduct, and/or bylaws of the League.
- Per USA Softball of Nevada, no coach or manager may recruit a “B/Gold” or “C/Silver” player during the Recreational League’s season (approximate dates are Spring - February 1 through May 23, All-Stars - May 1 through August 15, and Fall – August 1 through November 30). Such action will result in suspension or removal from the League and USA Softball of Nevada.

- NWGS strongly encourages all coaches to use Team Snap as their primary means of communication with parents.

USA Softball Registration and ACE Certification

- All team/league adult staff members (i.e., head coaches/coaches/team parent volunteers) that enter the field of play or the dugout or may have individual contact with a Junior Olympic player must be individually registered, background checked, and ACE certified through the Nevada USA Register USA Softball mandatory registration system at <https://registerusasoftball.com/>.
- All team staff members must complete a background check, Safe Sport certification, and ACE certification no later than the designated date set forth by the NWGS board.

Coaching Vacancies

- If a team is abandoned, meaning the Head Coach and coaching staff have left the team, the Board may appoint a head coach.
- In a “B/Gold” Subdivision, if the head coach’s position is vacated, one (1) of the previous season’s staff members may have the first right to apply to the Board for the vacated position.
- The Board considers head coaches in the following order of priority:
 1. Returning teams to the same age division.
 2. Returning coach who took the season off due to high school (18u).
 3. Team aging up into a new division.
 4. New coach with an age-eligible daughter.
 5. New coach to the League.

Head Coaches

- Head Coaches who reside outside of the League’s zip code boundaries must wait one season before being eligible to coach.
- A coach can only Head Coach one (1) team per season. Upon Board approval, he/she may also Head Coach a secondary team.
- Head Coaches must be at least sixteen (16) years of age, pass a background check, be ACE certified, and agree to adhere to the League’s policies and procedures at all times.
- Head Coaches will ensure there is always a background checked/Ace-certified female in the dugout or at the field during practices and games.
- No Coach is ever guaranteed a team in any given division including returning coaches.

Coaching Staff

- All team staff must be able to show proof of an unexpired Volunteer Coach Educated USA Softball card when on the field or in the dugout.
- All team staff must complete a background check, Safe Sport certification, and ACE certification no later than the designated date set forth by the NWGS board.
- The League provides registration/insurance for four (4) coaches per team. The team is welcome to carry more than four (4) but will be responsible for the additional fees.
- All League concerns shall be brought first to your Head Coach, followed by Division Representative, followed by the Player Advocate and Board of Directors before contact with a USA Softball of Nevada Commissioner.

SECTION 8 – PLAYER EVALUATIONS AND PLAYER LIST

- Player evaluations are held each season so that teams can be as balanced as possible. Coaches and selected Board Members are to observe the players so that teams can be selected with a good mix of pitchers, fielders, and hitters. Player evaluations never cause players to be excluded from teams; it only helps to distribute players amongst teams.
- Player evaluations shall be held prior to the draft.

- All players must attend player evaluations unless they are on an existing team and reported to the Player Advocate prior to registration.
- All players participating in softball for the first time will be placed in a “C/Silver” Subdivision unless they attend the player evaluation and are drafted to a “B/Gold” Subdivision.
- Players not attending player evaluations will not be eligible for primary selection in the draft. These players will be placed into a “blind draw.” These girls will be placed on a team in a “C/Silver” Subdivision. A known “B/Gold” or Travel Ball player, pitcher, or catcher, not attending the player evaluation, may be identified by the Board, and be made available for a “B/Gold” Subdivision draft, or made available in the pitcher or catcher round, as applicable. A known player will be identified by the position of pitcher or catcher.
- Prior to player evaluations, the Player Advocate shall make a player list showing the names and league ages of each player eligible for the draft. This list is to be distributed to each Coach at evaluations.
- Prior to the draft, the Player Advocate shall provide a list of eligible players to be drafted along with any notes specified on each player’s application.
- Prior to the draft, all pitchers and catchers will be disclosed to the Coaches.
- To be designated as a pitcher or catcher, the player must have pitched or caught 20% of her team’s outs in a “C/Silver” Subdivision or 30% of her team’s outs in a “B/Gold” Subdivision in league games in the immediately preceding season, be a known pitcher or catcher, or have tried out as such at evaluations.
- Teams may have two (2) representatives per team on the field at evaluations. No players of the same age division, or parents, will be permitted in dugouts or on the fields during evaluations.

SECTION 9 – PLAYER VACANCIES

- Vacancies occur regularly throughout the season for a variety of reasons.
- Coaches shall notify the Player Advocate immediately upon becoming aware that a player may leave the team for any reason.
- Once it has been determined that it is appropriate to replace a player on the roster, the following steps may be taken:
 1. The Coach has the option to take the next player on the waiting list, or the team may be assigned a player from the waiting list.
 2. The Player Advocate shall contact the player and her parent(s) to inform them of the available spot.
 3. If it is economically feasible for the League to do so (i.e., uniforms, etc.).

SECTION 10 – TEAM SELECTION

All players in the League will be placed on teams in the following manner dependent on the guidelines described in Section 5 (League Age Structure).

- Note: If a member of the Board has a child in the draft, that member shall not be present for the applicable division unless the member is a coach or the League’s Player Advocate.
- In the Spring Season, returning teams may keep all returning players from the immediately preceding season as long as they are age eligible.
- In the Fall Season, returning teams may keep up to six (6) returning players from the immediately preceding season, as long as they are age eligible.

6u Division - League age 4-6 years old

There are no player evaluations for this age division. The Player Advocate will place each player onto a team. Requests can be made at the time of registration by a parent/guardian to have their child play for a specific Head Coach or with another child. Each Head Coach in this division may request up to six (6) players as long as those players have requested that specific Head Coach on their player application. The League will do its best to honor such requests but cannot guarantee the placement of a child onto a particular team.

8u through 18u Divisions

Player evaluations will be held for each age division and all coaches in that age division will have the opportunity to evaluate all eligible players. All players that did not return to their previous season's team roster are to be evaluated and attend assessments to determine which division they shall play in. No player may move up more than one (1) age division. For example, a player age-eligible for the 8u division may play in the 8u or 10u divisions, but not 12u or higher.

Returning teams with up to six (6) returning players and at least one (1) Coach from their previous season will be recognized as an existing team.

- In a "B/Gold" Subdivision, an existing team must include one (1) qualifying pitcher and (1) qualifying catcher.
- In a "C/Silver" Subdivision, teams with up to six (6) players will be considered if there are enough players to adequately fill all teams' rosters including their own.
 - In the event of a tie (same amount of returning players) and there are not enough returning players to fill all rosters, the Board selects the returning team based on the following criteria:
 - A. Seniority
 - B. Behavior
 - C. Knowledge
 - D. Experience

The remaining positions will be filled by the draft or blind draw.

- Any player not wishing to return to her previous team will be placed in the draft.
- Team merging/splitting is NOT permitted within the same age division.
- A new team will be constructed of the Head Coach's daughter only and will fill its roster by draft or draw.
- If a team is abandoned, meaning the Head Coach and coaching staff have left the team, the team will be considered an existing team, not a new team, and will follow returning rules including draft order.
- In order for a player to return to her existing team, she must have played on that team the prior season, or the prior Fall if the player was rostered to a High School softball team in the Spring. If she did not play the prior season with the League, she must go in the draft.
- In a "B/Gold" Subdivision, if a team is otherwise eligible to return, but without either a pitcher or a catcher, the Head Coach may declare a pitcher/catcher, as applicable, from the current roster. The Head Coach must ensure that the declared player pitches or catches, as applicable, 30% of the team's outs in the upcoming season. A Head Coach violating this requirement will be suspended from coaching for the rest of the season and the following season.
- If the Player Advocate received a letter from a parent/player with wishes for the player to be selected in a "B/Gold" draft as a general athlete vs. being a pitcher/catcher in a "C/Silver" Subdivision, said player will not pitch/catch one (1) inning in a "B/Gold" Subdivision. A Head Coach violating this requirement will be suspended from coaching for the rest of the season and the following season.

Draft

The Player Advocate and the Draft Committee will conduct a player draft as soon as possible after evaluations have been completed.

- Spring teams can return their entire team from the immediately preceding Fall Season.
- Fall teams can return up to six (6) age-eligible players from their preceding Spring Season.
- A player may only be placed on a team (or drafted) if they are fully registered and have paid registration fees in full prior to evaluations.
- In age groups with subdivisions (i.e. "B/C" or "Gold/Silver"), the "B" or "Gold" Subdivision will draft first.
- The draft is open to one (1) representative per team only.
- The Coach will have two (2) minutes to submit a draft choice when it has been announced it is their turn.

- The draft order will be determined by the previous regular season standings. The team with the lowest overall standing will draft first and the team with the best overall standing the prior season will draft last. Newly formed teams to the League will have the first draft pick. Teams moving up age divisions will pick after any new team(s) with their standings dictating order. Team(s) moving up a classification (“C” to “B” or “Silver” to “Gold”) will pick next with their standings dictating order.
- In case of no subdivisions in an age division, the draft order will be as follows: new teams, “C” or “Silver” teams coming up divisions, “C” or “Silver” existing, “B” or “Gold” team coming up divisions, existing “B” or “Gold” teams.

Example – 12u Division

Draft order would be as follows: new team, 10C coming up to 12s, 12C existing, 10Bs coming up to 12s.

Classification Guidelines

- It is up to the Board to subdivide or not an age division. In situations where an age division is subdivided, it is up to the Board to classify teams into “B/Gold” or “C/Silver” subdivisions. Subdivision teams reclassified as “C/Silver” are ones that finished with a less than .500 record.
- For a team to be reclassified from a “C/Silver” to a “B/Gold” team, they must finish above .500 and finish in 1st or 2nd place in their division.
- The Board may reclassify teams in order to balance divisions.
- A team cannot be reclassified from “B/Gold” to “C/Silver” without permission from the Board and USA Softball.
- No team is guaranteed to move in any age division and/or classification status.
- If necessary to complete divisions, the Board has discretion to exempt a team from any rule.
- 16/18u Summer league teams are not considered intact teams unless they come as a High School team.

Trades

- There are to be no trades discussed until AFTER the draft concludes. There is no trading of draft picks during the draft, only like players AFTER. If it is deemed that any manipulation has occurred, both coaches are subject to removal from the League.
- Player trades must be completed at the draft prior to leaving the draft room. No trades will be considered afterward.
- Trades can be rejected by the Draft Committee.
- Blind draws and keeper players cannot be traded. Pitchers and catchers selected in the pitcher or catcher round may only be traded for a pitcher or catcher also selected in the pitcher or catcher round.

Known “B/Gold” Player, Pitcher, and Catcher Definitions

- Players not attending player evaluations will not be eligible for primary selection in the draft. These players will be placed into a “blind draw.” These girls will be placed on a team in a “C/Silver” Subdivision. A known “B/Gold” player (KBP), known pitcher (KP), or known catcher (KC) not attending evaluations may be identified by the Board and be made available for the “B/Gold” draft or made available in the pitcher or catcher draft round as applicable.
- Known “B/Gold” Player is defined as a player who played on a “B/Gold” team in the same age division in the immediately preceding season, was rostered to an All-Star/B-Select team in the same age division in the immediately preceding season or is coming to NWGS from an A-ball team.
- A known Pitcher/Catcher is defined as a pitcher or catcher who made 20% of their team’s innings in a “C/Silver” Subdivision or 30% of their team's innings in a “B/Gold” Subdivision at that position in the immediately preceding season.

Pitchers and Catchers Selected in “B/Gold” Draft

- In an age division with subdivisions (such as “B/C” or “Gold/Silver”) a “B/Gold” team may only

select a player qualifying as a pitcher or catcher, a player who tried out as a pitcher or catcher, or a known pitcher or catcher:

1. In the pitcher or catcher draft round, as applicable, or
 2. With any of the team's first three (3) draft picks regardless of round in the general player draft.
- Once a "B/Gold" team has two (2) pitchers and/or catchers who must make 30% of outs on their roster, they may not select a 3rd player at that position in ANY ROUND.
 - The Head Coach must ensure that the drafted player pitches or catches, as applicable, 30% of the team's outs in the upcoming season during league play. Coaches should consult with their Division Representative during the season to keep track of their percentage usage. A Head Coach violating this requirement will be suspended for the rest of the season and the following season.
 - There is no limit to the maximum use on a weekly basis so long as coaches meet the 30% minimum usage by the end of the season.

Draft Day Procedure

- It is imperative that an exhaustive list of all players eligible to be placed on teams be created and posted prior to the start of the draft. Players eligible to be drafted will be listed and all players in the blind draw will be listed at the bottom. Pitchers and catchers will be evaluated by the Division Representative and will be disclosed at Draft Day for selection as "Starting" Pitchers/Catchers.
- Pitcher and catcher round picks will be slotted prior to the draft to align with eligible pitchers and catchers to be drafted. Keeper players will be slotted into their occupying draft positions, so coaches are aware of where they are picking.
- Once the draft is complete, including trades, rosters will be printed and all players who are required to make 20% of outs in "C/Silver" Subdivisions or 30% of outs in "B/Gold" Subdivisions pitching or catching will be marked on the roster. The Head Coach or Team Representative at the draft will sign the roster acknowledging their understanding.
- If a team has an existing pitcher or catcher (Player A) and another player (Player B) that qualifies for both, they must declare Player B as the opposite of Player A.
- If requested by a family, age-eligible siblings (Sisters/Stepsisters) must be placed on the same team. If a girl with one (1) or more siblings is chosen, then her siblings will be assigned to the team's lowest draft slot. Once all teams have drafted the allotted number of players, as determined by the Player Advocate in advance of the draft, any players having not been drafted shall be entered on a waiting list.
- In an age division with subdivisions (such as "B/C" or "Gold/Silver"), a "B/Gold" team may only select a player qualifying as a pitcher or catcher, or who tried out as a pitcher or catcher, in the pitcher or catcher draft round, as applicable, if they do not already have two (2) players designated at that position. The Head Coach must ensure that the drafted player pitches or catches, as applicable, 30% of the team's outs in the upcoming season during league play. Coaches should consult with their Division Representative during the season to keep track of their percentage usage. A Head Coach violating this requirement will be suspended for the rest of the season and the following season.
 - There is no limit to the maximum use on a weekly basis so long as coaches meet the 30% minimum usage by the end of the season.

All Pitchers and Catchers Will be Designated Prior to the Draft

1. "B/Gold" Subdivision
 - Any pitcher/catcher drafted must make designated outs percentage unless directed by player/parent to Player Advocate prior to the draft.
 - No Qualified/Designated pitcher/catcher may be drafted AFTER the team has two (2) designated at that particular position.
 - If a Known Pitcher is selected in the third round (Player Round 1) they must have a form on file

indicating their desire to play in a “B/Gold” Subdivision as a general player and understand they may not pitch or catch one inning.

2. “C/Silver” Subdivision

- Not permitted to take a pitcher OR catcher, if the team already has two (2) known players at that particular position in the first two athlete rounds (unless the player has signed a waiver form stating they will not pitch/catch this season OR all other teams have two (2) known players at those particular positions).
